Frequently Asked Questions

Healthcare FSA

1. What is a Healthcare FSA?

A Healthcare FSA is an account that lets you set aside money before taxes to pay for medical, dental and vision expenses for yourself, your spouse and eligible dependents.

2. Who is eligible for an FSA?

A Healthcare FSA covers eligible expenses for you and your dependents, even if they are not covered under your primary health plan.

3. What expenses are eligible through an FSA?

Health plan co-pays, deductibles, over-the-counter medications, eyeglasses, dental care, and certain medical supplies are covered. The IRS provides specific guidance regarding eligible expenses. (See IRS Publication 502).

4. How do I contribute money to my FSA?

The amount you elect as your annual contribution will be divided by the number of paychecks for the year. This pay period amount will be deducted from each paycheck before taxes.

5. How do I get the funds out of my FSA?

If you have a FloresHR benefits payment card, simply swipe it at the register. Otherwise, file a claim including the receipt documenting the type, amount and date of the expense. Once approved, your reimbursement check will be mailed or deposited into your bank account.

6. How soon can I start spending my FSA funds?

Your entire annual election amount is available on the first day of the plan year.

7. What happens if I don't spend all of my FSA by the end of the plan year?

Be sure to only allocate dollars for predictable medical expenses. Any unused funds at the end of the plan year and any applicable runout periods are forfeited, also called the use-it-or-lose-it rule. If your employer has adopted the FSA carryover, any unused balance (up to the maximum amount allowed by the IRS and your plan) that remains in your account as of the last day of the plan year will roll forward for use in the new plan year. You will have a runout period after the end of the plan year to submit claims for eligible expenses with dates of service for the prior year. Please refer to your plan documents for confirmation of your runout period timeline and any carryover amounts available.

8. Can I change my election amount mid-year?

Elections can only be altered if you experience a change in status as defined by IRS regulations, such as marriage, divorce, birth, or death in your immediate family.

9. What happens to my FSA if my employment is terminated?

Participation in your FSA is also terminated. This means that only expenses that were incurred prior to your termination date are eligible for reimbursement.

10. Can I deduct healthcare expenses paid for by my FSA?

No, any expense paid for with FSA dollars cannot be claimed as a deduction.

11. Can over the counter (OTC) medications be purchased with my FSA?

Yes, OTC medications are eligible to be bought with your FSA.
